EXHIBITOR CANCELLATION POLICY

The Exhibitor shall have the right to cancel this license agreement by notice in writing to be delivered to EventWorx no later than one hundred and eighty (180) days preceding the opening date of the Show. All deposits received by EventWorx up to the date of notice of cancellation are non-refundable and non-transferable. In the event that the Exhibitor (i) notifies EventWorx less than one hundred and eighty (180) days preceding the opening date of the Show that it wishes to cancel this license agreement; or (ii) fails to make payments in accordance with the payment schedule set out herein; or (iii) except as otherwise permitted herein, fails to appear at the Show; EventWorx reserves the right to (iv) cancel this license agreement without notice and all rights of the Exhibitor hereunder shall cease and terminate; (v) retain any payment made by the Exhibitor as liquidated damages (and not as a penalty) for breach of this license agreement; (vi) re-rent the said space; and (vii) bring action against the Exhibitor for payment of the full cost of the space originally licensed from EventWorx.

EVENT CANCELLATION

Should the facility be destroyed or become unavailable for occupancy for reasons beyond the control of Show Management and sponsors, or if for any reason Show Management is unable to permit the exhibitor or sponsor to occupy the facility or the space, or if the show is cancelled or curtailed, Show Management and Sponsors will not be responsible for any loss of business, loss of profits, damage or expense of whatever nature that the exhibitor may suffer, including but not limited to: acts of God, earthquakes, explosions, fires, strikes, lockouts, boycotts, acts of public enemies or public handling of materials.

MOVE-IN / MOVE-OUT

All Move-In and Move-Out times are controlled and scheduled by **Voyage Control**, an online reservation system **managed by the Vancouver Convention Centre. Voyage Control is only required for those who need access to a loading dock.** Each Exhibitor will be provided with a Booking Code. They will then be able to log in to Voyage Control and book time slots to off-load. If you are bringing multiple vehicles for move-in, you must complete one booking for each vehicle. Booking codes and instructions will be sent out in December 2025.

Exhibitors who have outsourced to third-party contractors, delivery companies and/or display houses for set-up, **must schedule bookings for these companies through Voyage Control.** Contractors of any sort must be provided with the parking pass or booking code for entry. **Any vehicle arriving without a booking will be subject to delays and may not be granted access.**

All exhibitors and drivers must unload within the allocated time slot so other exhibitors can access their booked times. **Vehicles that overstay the time allocation will be towed at the driver's expense.** Once unloaded, you can park your vehicle in the parking lot specified in page 2. Feel free to set-up at your leisure. Any exhibitors that require a significant amount of off-load time must contact Show Management in advance to make alternate arrangements.

If your booth items have been advance shipped to the event space, please arrive at any time on Friday to set up. Set-up times will be specified and sent out in December 2025.

Hand Carrying Items:

Exhibitors bringing in small items by hand do not need to book with Voyage Control. They may enter through the Main Entrance of the convention centre with materials in hand, or on a handcart, and may head directly to their booth to begin set-up. **Only upright dollies are permitted in the lobby of the Vancouver Convention Centre.** This process also applies to exhibitors making small deliveries by personal vehicle; if you are planning to park in the paid Impark Parkade and hand-carry items in the building, you do not need to book a time slot with Voyage Control.

All items must be completely removed by 10:00 pm (2200 hours) on Sunday, February 1st, 2026.

MOVE-IN / MOVE-OUT (cont'd)

DO NOT begin packing up before 5:00 p.m. on Sunday, February 1st.

For the safety and consideration of everyone involved, wait until the general public has cleared the Exhibit Hall, and for the announcement that the show is closed, before beginning to pack for move-out.

Any garbage remaining on the premises after the above-noted time will be removed by the Vancouver Convention Centre and this service will be charged to the exhibitor. VCC, Goodkey and Show Management are not responsible for items left at the VCC after scheduled move-out times.

Goodkey has been contracted to receive and sign for shipments arriving for the Wellness Show on behalf of exhibitors who are not present to receive their freight at the VCC receiving area. The same applies for loading of, and signing for, any return shipments off the show floor after show close.

TIPS SHEET FOR EXHIBITORS

INCLUDE AN INCENTIVE

Remember that your purpose is to bring visitors to your booth. A free sample, a prize to win, or something interactive. Adding a **ballot** to our gift bags with instructions such as "bring this ballot to our booth for a chance to win a great..." or "bring this invitation and return it to the booth for a special gift" will do the trick. To contribute to gift bags given to attendees upon entrance to the show, please contact Show Management.

ONCE IS NOT ENOUGH

One invitation without a reminder minimizes its impact. **Sending a reminder** to your existing clients via email one or two weeks in advance and again two to three days before the show will greatly enhance your rate of attendance and redemption of ballots.

HOW DO I MAXIMIZE MY PARTICIPATION BEFORE SHOW TIME?

Set realistic goals for the number of leads you want to collect; plan in advance how you are going to collect leads; set deadlines for all follow-up activities; contact hot prospects within a week; set a date for final review; **remember** your responsibility, as an exhibitor is to attract visitors to **your** booth - this can be done through social media, trade advertising, personal invitations to prospects and customers, word-of-mouth advertising, and show specials; prepare a press kit for mailing to interested media prior to the Show.

ON STAFFING - WHO WOULD BEST STAFF MY BOOTH?

Have staff in your booth that are technically oriented and provide back-up materials for them. Courteous and informed staff will best suit your organization. Dress for success and for your audience. Arrive before your shift, with ample time to prepare yourself, the booth, and settle in for the day. Take breaks as scheduled and return on time. Be alert, and behave professionally at all times; don't sit (unless it serves the purpose of your business), eat, smoke or read the paper in your booth and do not loiter in the aisles.

ON EFFECTIVE DISPLAYS - WHAT SHALL I DO WHILE I'M THERE?

Make your booth easy to understand and build it around your product or service; highlight new features of your product with lights, signs and demonstrations; make changes during the Show if things aren't working; make graphic messages flexible and appropriate; create space in your booth for literature and other accessories.

HOW BEST CAN I BENEFIT FROM MY PARTICIPATION AT THE SHOW?

Gather sales leads; socialize with industry peers; stay in touch with clients; position yourself as a leader - competition is there; sell your product or service; introduce new products or services; conduct market research; enhance your image; get media exposure.

COUNT YOUR RESULTS

Instruct your booth staff to keep a tally of the number of invited guests that come back to the booth along with their comments. It will also be helpful to know which prospects did not respond to your invitation. This is the best way of assessing the impact of your invitation and the validity of your target list as well as your first step to making changes to your plans for next year's show.

ON SECURITY - HOW DO I PROTECT MY PRODUCT AGAINST THEFT AFTER SHOW HOURS?

Thread fishing line through any accessories used for decorative purposes. Place Show materials underneath tables at the end of each day; seal storage boxes with tape or string

and label appropriately. Take home small, expensive items that could easily disappear. Security is on-site throughout the two days 24 hours per day.
